

TI_2206: Conversion ground electrode iCombi gas 10-1/1

iCombi 10-1/1

14/03/2022

Subject

In order to maintain the correct distances, a new ground electrode, Part no.: 70.01.574P is now available as a service part for the iCombi Gas (10-1/1 hot air blower).

Affected product/accessories

iCombi Gas

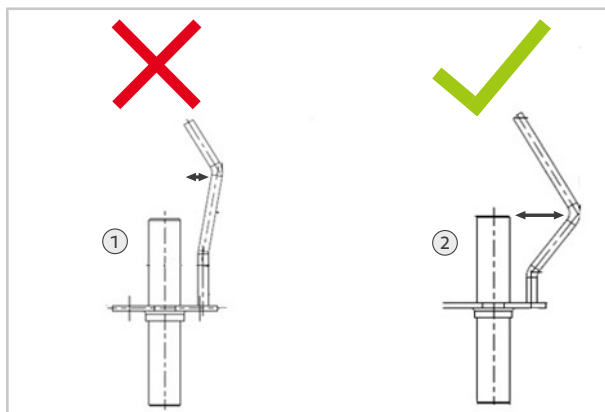

- 10-1/1

Affected components

Component	Article number
Ground electrode HL (old)	74.00.873P
Ground electrode HL (new)	70.01.574P

General information

To ensure that the correct distances are maintained on the ground electrode, the ground electrode Part no.: 74.00.873P (1) has been replaced with Part no.: 70.01.574P (2). Part no.: 70.01.574P (2) is now also available as a service part for the iCombi Gas 10-1/1 (hot air blower).

When servicing an iCombi Gas, 10-1/1 only install Part no.: 70.01.574P (2) in the hot air blower.

NOTE:

No other actions are required.
