

TI_2308: Component adaptation pumps for SelfCookingCenter

SelfCookingCenter

05/05/2026

Topic

Due to a component change and in order to guarantee supply reliability, the pumps in the SelfCookingCenter (Index E-I) are being adapted.

Depending on the remaining stock, the new pumps will gradually be converted automatically and shipped from service parts.

Affected product/accessories

SelfCookingCenter Electric & Gas

- 6-1/1
- 6-2/1
- 10-1/1
- 10-2/1
- 20-1/1
- 20-2/1

Affected components

The following table shows the assignment of the discontinued pumps to the new pumps with control electronics, retaining plates and connection cables:

Discontinued pumps			New pumps with control electronics	
Component	Article number		Component	Article number
Drain pump	44.00.207P	=>	Drain pump with control electronics	87.01.954S
Pump for cleaning UP30	56.00.153P 87.01.742S 87.00.437	=>	Circulation pump UP30 with control electronics	87.01.953S
Pump for CareControl tabletop unit	87.00.352	=>	Pump for CareControl with control electronics Table-top unit	87.01.955S
Pump for CareControl floor unit	87.00.353	=>	Pump for CareControl with control electronics Floor unit	87.01.956S

The individual new components are listed separately in the following table:

Component	Item number
Circulation pump UP30	56.01.947P
Drain pump	56.01.949P
Pump for CareControl	56.01.951P
Control electronics for pump	40.07.630P

General information

NOTICE

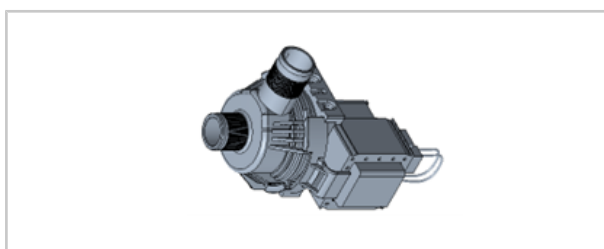

As a result of the component adaptation, the sale prices
will also change (increase or decrease) accordingly.

Target group

- This document is intended for skilled technicians, who have been certified by the manufacturer after attending training and safety instructions.
- Installation, inspection, maintenance, and repair work must only be carried out by trained technicians.
- It is recommended that only technicians authorised by the manufacturer perform inspection, maintenance and repair work.
- The unit may not be used, cleaned, or maintained by children. The unit may not be used for play. This is prohibited even under supervision.
- The unit may not be used, cleaned, or maintained by people with limited physical, sensory, or mental capacity or those without the necessary experience or knowledge, unless such people are supervised by a person who is responsible for their safety and who has been informed of the hazards of the unit.
- In order to prevent accidents or damage, the manufacturer recommends that technicians attend training and safety instructions.

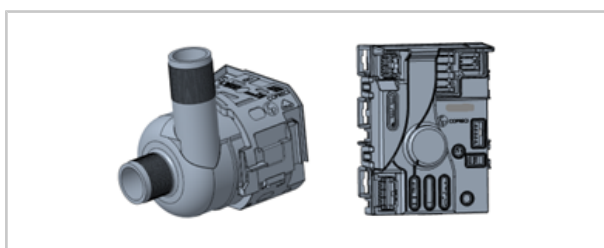

Old pump

- Graphic of an old pump (pump without control electronics)

New pump

- Graphic of a new pump (pump with control electronics)

Revision Log

Changes from previous version of this manual:

- The chapter topic: "The pumps will be changed over immediately. Depending on the remaining stock, the new pumps will gradually be converted automatically and shipped from service parts." was revised.

NOTE:

No further action is required.
