

TI_2311: Component adaptation fan motor for SelfCookingCenter XS, CombiMaster Plus XS & iCombi 6-2/3

SelfCookingCenter XS, CombiMaster Plus XS & iCombi 6-2/3

20/03/2023

Topics

Due to a component change, the fan motors and the control electronics included in the Self-CookingCenter XS (Index I), CombiMaster Plus XS (Index I & J) and iCombi 6-2/3 (Index J) will be converted.

Affected product/accessories

SelfCookingCenter

- XS; index I

CombiMaster Plus XS

- XS; index I & J

iCombi

- 6-2/3; Index J

Affected components

Discontinued fan motors available until 19 March 2023			New fan motors and new control electronics available from 20 March 2023			
Component	Art. No.		Component	Art. No.	Component	Art. No.
Fan motor	87.01.374	=>	Fan motor	87.01.973S	Control electronics	42.00.373S
			Fan motor	87.01.974S	Control electronics	42.00.372S

General information

Differences between discontinued and new fan motors

The differences between the fan motors:

- Design (visual)
- Connections (BUS)

In a service case:

Refer to the service parts catalogue using the serial number of the unit, the article number of the new fan motor.

Discontinued fan motors

The fan motor being discontinued will be available until 19/3/2023 with article no.: 87.01.374. Control electronics Art. no.: 87.01.376 are available in limited quantities for the fan motor that is being discontinued.
